

TEMPORARY ENCROACHMENT PERMIT APPLICATION TO PLACE A DEBRIS/RECYCLING BOX IN THE STREET

Debris and recycling boxes are metal containers that are used for the disposal of a large quantity of material. The boxes are approximately 8' wide and 12' to 24' long and are delivered to and from your site by Foothill Disposal Company. Foothill Disposal Company is the only company authorized to provide debris/recycling box disposal services within the City of Mountain View. All boxes require a Debris/Recycling Box Contract to be completed and sent to Foothill Disposal Company. In addition, boxes located within the street right-of-way also require a Temporary Encroachment Permit from the Land Development Section of the Public Works Department.

Instructions to Place a Debris/Recycling Box in the Street

- A. Fill out the attached Temporary Encroachment Permit.
- B. Attach a sketch to the permit showing the location of the box in the street. The sketch should show the following (see sample sketch):
 1. Show your property and the adjacent properties. Label the address of your property.
 2. Show the driveways to each property.
 3. Show the location of the box on the street using the following guidelines:
 - a. Do not place the box in front of your neighbor's property.
 - b. The box is to be at least 6' from any driveway, including your own driveway.
 - c. Do not place the box in a no-parking zone or loading zone.
 - d. Do not place the box within 15' of a pedestrian crosswalk (striped or unstriped). This includes street corner crossings that are not marked or painted on the street.
 - e. Do not place the box within 15' of a fire hydrant.
 - f. Boxes are not allowed on narrow streets. On a two-way street with parking on each side of the street, boxes are not allowed in the street if the street is less than 36' wide as measured from the face of the curbs.
- C. Fill out the attached Debris/Recycling Box Contract. For more information, contact Foothill Disposal Company, Customer Service Representative, Telephone Number: (650) 967-3034, Fax Number: (408) 588-1102.
- D. Submit or fax the completed applications and sketch to the Land Development Section of the Public Works Department.
- E. After the Temporary Encroachment Permit has been approved by the City, the City will fax the Temporary Encroachment Permit and Debris/Recycling Box Contract Application to Foothill Disposal Company.

Additional Instructions for Special Events

A special event, such as the Art & Wine Festival, requires a permit from the Community Services Department (City Council Policy K-14). In addition to the above instructions, please contact the Solid Waste Program Manager of the Public Works Department about the requirements to use debris/recycling boxes for a special event. These requirements will be attached to and made a part of the Temporary Encroachment Permit. The locations of the debris/recycling boxes should be coordinated with the Community Services Department and Solid Waste Program Manager well in advance of the special event.

The City of Mountain View, a California charter city and municipal corporation, hereafter called "CITY," grants permission to PERMITTEE to place and maintain a Foothill Disposal Company debris or recycling box in the CITY right-of-way as shown on the enclosed sketch.

Schedule: The box is scheduled to be placed on _____ (Date) and removed on _____ (Date).

Box Size: The size of the box is _____.

Subject to Use as CITY Right-of-Way/Land: This grant of permission does not constitute a deed or grant of an easement or any other real property interest by CITY.

Waiver: PERMITTEE, for himself/herself and his/her heirs, executors, administrators, successors and assigns, hereby waives all claims and causes of action, whether now existing or hereafter arising, against CITY or its officers, agents or employees, for damages, physical or otherwise, to any of the facilities covered by this Temporary Encroachment Permit from any cause whatsoever.

Hold Harmless: PERMITTEE, jointly and severally, for itself, its successors, agents, contractors and employees, agrees to indemnify, defend (with counsel acceptable to CITY) and hold harmless CITY, its City Council, officers, employees and agents and any successors to CITY's interest in the property from and against any and all claims, demands, losses, damages, liabilities, fines, penalties, charges, administrative and judicial proceedings and orders, judgments, all costs and expenses incurred in connection therewith, including, without limitation, reasonable attorneys' fees and costs of defense (collectively, the "Losses") arising directly or indirectly, in whole or in part, out of the activities performed by PERMITTEE under this Temporary Encroachment Permit, or arising out of the actions of PERMITTEE in connection with its activities under this Temporary Encroachment Permit on or off the site of the encroachment.

Termination: This permit shall be revocable at any time upon a written notice of the Public Works Director. All or any portion of the encroaching box shall be removed by and at the expense of PERMITTEE without entitlement of reimbursement, as requested by the Public Works Director within one day of such request.

Reflectors: Reflectors are required on both ends of the box. PERMITTEE should contact Foothill Disposal at (650) 967-3034 to ensure that the box PERMITTEE receives meets this requirement.

Maintenance of Facilities and Site: PERMITTEE shall at all times through the duration of this permit maintain the said encroaching structure in safe condition and good appearance to the satisfaction of the Public Works Director of CITY. PERMITTEE shall keep the streets, sidewalks, driveways and other areas clear of debris at all times while the box is in place and shall clean up said area upon removal of the box.

Expiration: This permit shall expire on _____ (Date to be filled in by City).

I have read and clearly understand the above provisions of this Temporary Encroachment Permit, and hereby agree to be bound by the terms and conditions contained herein.

NOTICE OF EXCLUSIVE FRANCHISE FOR HAULING & DISPOSAL SERVICES

To Contractors and Property Owners:

Now that you've obtained a building, remodeling, or demolition permit, we want to help you avoid costly mistakes and code violations with roll-off box companies. These requirements apply to recycling or disposal of construction and demolition wastes at residential, commercial and industrial properties in Mountain View.

Like many cities in the Bay Area, the City of Mountain View has an exclusive franchise with a roll-off box hauler at rates set by the City. Foothill Disposal is the City's exclusive hauler, transporting boxes to our SMaRT Station for recycling or disposal. The City requires Foothill to be properly licensed, carry a performance bond and insurance in amounts set by the City. In return for this exclusive arrangement, Foothill pays a franchise fee to the City, which revenue is then used to offset utility billing costs and paving repairs to streets. This revenue benefits our community, but is lost whenever non-franchised haulers are used. Using non-franchised haulers is also a violation of Mountain View Municipal Code.

The City also has an exclusive contract with the SMaRT Station® and Kirby Canyon Landfill for recycling and disposal. This arrangement ensures debris boxes are recycled to the extent possible, and the City receives AB939 fees on any materials not recycled. This revenue is lost when non-franchised haulers take materials to landfills in other counties and ultimately affects resident's and businesses trash rates.

Violation. Using any other hauler than Foothill Disposal for recycling or disposal violates City Code (16.13, 16.17) and results in code enforcement. A "Stop Use Notice" is placed on the box with direction for the illegal hauler to immediately transport the box to the SMaRT Station and provide a weight tag to the City as proof of compliance. A citation may be issued to the illegal hauler.

Exceptions. No other hauler may provide debris or recycling box service unless the hauler is: (1) a *State-licensed contractor* working at the site who *owns and hauls their own box or truck* and provides the hauling service as an *incidental part* of their total services to you (common with roofing contractors and landscapers); or (2) a recycling hauler who provides all services *at no charge; and keeps materials source-separated* (i.e. a box of metal or box of wood), *and* has both a City franchise and City business license (currently no haulers except Foothill Disposal are so licensed); or (3) the resident of the property who owns their own roll-off box equipment ("self-hauling"). No box may be placed on the street even if the hauler meets these exceptions. Only Foothill Disposal may place boxes on the street with an encroachment permit.

Please contact Foothill Disposal to arrange for your debris or recycling box. Boxes come in a variety of sizes, include seven days free rental, and rates are based on weight to cover the recycling and disposal costs. Most Foothill boxes are placed on private property, unless a street encroachment permit is issued by Public Works. Since all debris boxes are recycled at the SMaRT Station, no recycling boxes are needed. However, a "rock" box and a yard trimmings box are available at a discounted rate for those materials.

The City has previously notified other debris box haulers of these requirements so that you may be in a better position to resolve conflicts with illegal haulers in your favor.

BOX SIZE: _____ **YARDS WITH UP TO _____ TONS @ BASE PRICE _____ PLUS 91.30 PER ADDITIONAL TON**

Price includes 7 days rental, one delivery and removal (haul), and recycling/disposal. Box pricing is based on total weight, not size or cubic yard volume. Additional tons will be charged at the rate of \$91.30 per ton (partial tons are rounded to the next full ton) and \$11.15/day rental after the first 7 days. Box will not be hauled if overfilled or exceeding the maximum 10-ton weight limit imposed by the Department of Transportation. Boxes filled to capacity will exceed the tons covered in the base price & additional tons will be charged. As a result, the total cost of the box could be much higher than the base price listed even if the box is not filled to capacity. See Important Reminders below.

IMPORTANT REMINDERS, TERMS & CONDITIONS

- ☐ Box filled to capacity will exceed the tons covered in the base price & additional tons will be charged.
- ☐ Materials may not be any higher than the lowest side of box.
- ☐ Hazardous and/or toxic materials, paints, pesticides, solvents, propane, balloon tanks, batteries, refrigerators, freezers, televisions, computer monitors/components, air conditioners, universal waste (i.e. VCR's, DVD, telephones, radios, etc.) mercury containing wastes (i.e. fluorescent tubes, thermostats, metal halide lamps, etc.) consumer batteries, automotive parts or fluids, tires or explosives are prohibited in all boxes. Contact Foothill at 650-967-3034 for other alternatives.
- ☐ Boxes so overfilled or unevenly loaded as to be unsafe for travel may not be collected until corrected by Customer.
- ☐ Customer is responsible for box contents and all overweight/additional charges even if caused by illegal dumping or rainfall.
- ☐ Foothill is not responsible for damage to asphalt, concrete, driveway, private streets, or surfaces on which box is placed or upon which the truck must travel.
- ☐ Access to property must allow for minimum truck/box clearance: eighteen feet (18') high and twelve feet (12') wide.
- ☐ After the box is hauled and weighed the City will bill accordingly.
- ☐ Weight estimates provided as a courtesy by phone representatives are not binding.
- ☐ Should credit be extended to the customer, payment terms are net 30 days from the date of the invoice. A finance charge may be assessed on any unpaid charges of 30 days or more. Failure to pay will result in collection and additional fees.

I AM AUTHORIZED BY MY COMPANY TO ENTER INTO THIS AGREEMENT, HAVE READ THE SAME AND AGREE TO THE TERMS AND CONDITIONS. I understand Boxes densely packed or filled with heavy or dense materials will likely exceed the tons included in the base price, and additional tonnage will be charged. As a result, the total cost of the box could be much higher than the base price listed even if the box is not filled to capacity.
